TICKET DELIVERY

E-TICKET

After your reservation has been confirmed, you will receive a confirmation message and a separate itinerary receipt by e-mail. We recommend that you take the itinerary receipt with you on your trip.

When you have accepted the terms of the fare and the charge, you will receive a booking confirmation. When you pay with a credit card, your card will be debited after the booking confirmation has been sent. The customer is obligated to provide correct credit card information and to make sure that the card has enough credit to pay for the total amount of the reservation. The trip is confirmed when the sum has been paid. The e-ticket receipt, which is sent after the booking confirmation, is a confirmation that the reservation has been paid. You will also receive a separate receipt for any additional services you have selected.

Please make sure that you have a valid passport with you if necessary for your routing. Also notice that a visa may be required for your destination and/or your transit station. Please contact the embassy of your destination and transit station for information on visa requirements.
